

BERKELEY PUPILS TO GET DIPLOMAS

BERKELEY, Jan. 22.—Seventy-eight pupils will receive eighth grade diplomas and fifty-two pupils ninth grade certificates at exercises marking the close of the school year at the Garfield Intermediate school today and tomorrow.

Eighth grade diplomas will be presented today by S. D. Waterhouse, formerly superintendent of schools in Berkeley, while the graduation address will be given by Rev. H. H. Powell, whose daughter Helen, is a member of the graduating class.

On Friday morning the ninth grade program will be given, with several scenes from "As You Like It" to be presented by the class under the direction of Mrs. Minna Gray.

Closing exercises will also be held at the Burbank, Edison and Willard Intermediate schools at the same time.

Rebuilding Begins in Burned District

ALAMEDA, Jan. 22.—One permit for rebuilding in the burned district on Park street has been taken out. L. Konigshofer has started reconstruction work on his block on the west side of Park, near Bank street.

The Anderson Machine Works is already to rebuild with a new structure of brick but must first effect a change in the zoning ordinance which now forbids the operation of machine shops in the district where Anderson's former building was located. Anderson is now circulating a petition among property owners, asking their consent to the continuance of his business at the old stand, and will probably be before the city council at an early date, asking for the required change of classification.

Speaker Says League Political Football

BERKELEY, Jan. 22.—That a League of Nations must come eventually was the declaration of Captain T. G. Chamberlain, associated with former President Taft in the League to Enforce Peace, in an address delivered yesterday afternoon at the University of California.

"The league with its assurance of peace will come ultimately," he said. "This is shown by the straw votes taken in different parts of the country. But will it come with the 1920 election?"

The league is being made a political football by the United States Senate. And anyone who lets political or personal animosity influence such a grave question is not a good American.

Borree Asks Alameda Guard to Organize

ALAMEDA, Jan. 22.—Adjutant General Borree of California has addressed communications to the chamber of commerce, to Mayor Frank Otis and to Alameda Post of the American Legion, seeking the good offices of these organizations and the city, in an address delivered yesterday afternoon at a new company of Alameda National Guard to succeed former company G absorbed into the regular service at the outbreak of the war. Mayor Otis has appointed a civilian committee to take the matter up. The committee includes Captain Rushton McConnell, former commander of company G, Homer Spence, of the American Legion, and Captain A. H. Stanley, Spanish War officer and former guardsman.

Alameda Masons Plan Lodge for Week-End

ALAMEDA, Jan. 22.—The new Masonic club, which is undertaking to establish a third lodge of Masons in Alameda, chiefly among Masonic residents of the western end of the city, held another preparatory meeting last night. The club workers announced at the outset that there were about fifty Masons whom it was believed would affiliate with the new lodge as charter members.

Commission to Talk Over Improvement

ALAMEDA, Jan. 22.—The city planning commission will meet with the Alameda Improvement club tonight, at the clubrooms on Webster street, to discuss the streets in the West End. The club has a number of proposed changes, extensions and alterations calculated to improve the entire street system in the West End.

SAN LEANDRO RECITAL

SAN LEANDRO, Jan. 22.—The following pupils of Miss Mabel E. Wright will give a party recital here Saturday afternoon: Violet E. Jure, Hazel Cruzan, Elizabeth Shuhaw, Alice Perry, Evelyn Brown, Ruth Mills, Huarth Gonzalez, Zora Branche, Marguerite Stokes, Ida Olympia and Thelma Rogers.

CHIEF CALLED AWAY

ALAMEDA, Jan. 22.—Thief of Police and Mrs. W. O. Jacoby in Napa county where they were called yesterday by the serious illness of a relative of Mrs. Jacoby. They are expected to return home today or tomorrow.

I Said to the Man:

I bet you sell a lot of "Superior" Doughnuts, and he said to me, "You're dead right, kid. We sold twice as many last year as we did the year before and we're going to sell twice as many this year as we did last." I bet they do, too. They've got any doughnuts I ever ate beat a city block.

Harbor Decision Arouses Richmond Urge Quick Action to Get U.S. Coin

The TRIBUNE maintains an office at 1015 McDonald avenue; telephone Richmond 572. Matter pertaining to the editorial or business departments of the paper will be received there.

RICHMOND, Jan. 22.—The announcement from Congressman Charles P. Curry at Washington that no further work will be done on the Richmond harbor project until the city has set aside the money it promised the army engineers as the time that the original appropriation was made by the government, has caused local boosters and Chamber of Commerce leaders again to discuss the proposed harbor bond election to be held in May or June.

Curry states that there is a fund of \$7,000,000 from which the needed \$425,000 of government money to go with a similar sum from the city of Richmond can be drawn upon recommendation of the army engineers.

The recent harbor election to carry bonds for \$400,000 received a majority but not a two-thirds vote. One of the arguments used to defeat the issue at that time was that the government should appropriate its money first.

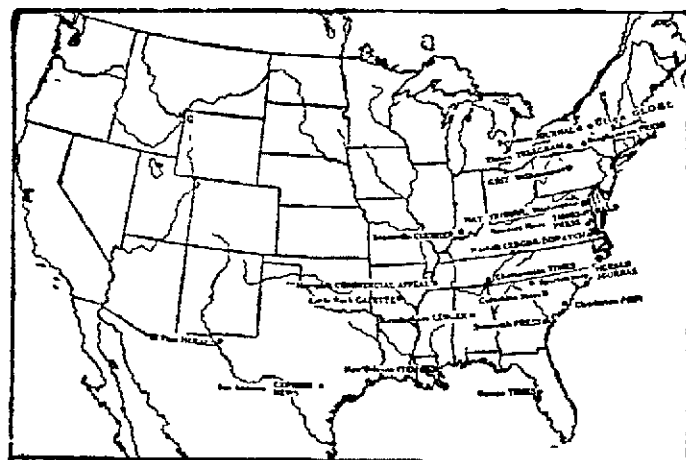

BOYCOTT CONSIDERED
Boycott on potatoes was agreed upon by the presidents of the Housewives' League of Richmond, Oakland, Alameda and Berkeley at a meeting in Berkeley on yesterday afternoon is expected to be approved by the executive committee.

of the Richmond League at a meeting being held this afternoon. The agitation against potatoes has already brought results in lowering the demand at least, local market dealers stated this morning. The increased demand on macaroni is the result. Carrots are also meeting with much favor. The Richmond Housewives' League today sent a telegram to the California Congressional delegation in Washington asking that steps be taken to place beet sugar back on the market.

E. H. Hart, secretary of the Drymen's Association of Alameda and Contra Costa counties, has been interviewing local transfer and hauling men in a plan to avoid restrictions and taxes upon the truck operators. Hart cites the case of Santa Barbara county, where states that the license on trucks operated on inter-county lines has been increased to \$1000 per year. The vehicle tax which places a tax upon all out of the county trucks using the county highways of Contra Costa county does not suit the association and an effort to have it repealed may be made.

WANT COMFORT STATIONS
Comfort stations about town for both sexes are demanded of the city council by local unions. Since the closing of all of the saloons here the need of the stations has increased many fold. Several months ago the council ordered plans for a series of comfort stations but on account of the increased cost of municipal government no action was ever taken.

The East Wants to Do More Business With You

To quickly supply you with complete information regarding the merchandising conditions and sales possibilities in their respective territories, and also to fully acquaint you with their merits as mediums through which you may directly and effectively reach their buying public, the twenty-four newspapers indicated on the map above have established three advertising offices on the Pacific Coast.

The East needs Coast products. In many cases the demand already exists, and it is necessary only to tell where the goods may be obtained. In other cases a demand can be created.

A request for data by mail, or for a call by a representative from one of these offices obligates you in no way.

Let us get together and talk it over.

PLAYERS

FOUR MORTONS WILL BE ORPHEUM HEADLINERS
The Four Mortons at the Orpheum will be vaudeville headliners again, with Sam, Kitty, and Martha and Joe, the two latter children taking the places of their elder brother and sister, Paul and Clara. The new act is entitled "Then and Now."

A bill of unusual excellence has been arranged in conjunction with the appearance of the famous four with Felix Bernard and Jack Duffy in a laughable skit, "Have a Smile," Noel Travers and Irene Egan in "Morning Glory," the Four Readings, the Jugglers, Pietro, wizard of the piano, accordion, and violin, and in songs of the day, Lachmann Sisters, versatile entertainers, a Pathe Weekly and a "Cricket" comedy.

The present bill at the Orpheum is an attractive good business, with the Atlantic Jazz Band, under the direction of Nat Nazario Jr., and the Marmen Sisters in their elaborate dancing act as the headliners. The opening of the current bill, including Billy McDevitt, the tramp comedian, Master Gabriel in a new act, and four other well diversified offerings is well up to the standard.

FAIRBANKS DOES MANY TRICKS AT YE LIBERTY.
Douglas Fairbanks in his latest "Big Four" release, "When the Clouds Roll By," is enjoying a record-breaking week at Ye Liberty Playhouse, where he is scheduled to continue until Saturday when he will give way to Mary Pickford in "Pollyanna."

The Fairbanks picture is one of the most thrilling and amusing that Fairbanks has offered in the silent drama. He goes through his familiar line of acrobatic tricks and adds a few new ones for good measure.

One of the exceptional features of the picture is the sample of "slow motion" shown in the dream scenes of "When the Clouds Roll By." The picture is being shown at continuous performance beginning at 12 noon.

Miss Pickford's engagement will be opened Sunday.

ETHEL CLAYTON STARS IN FILM AT PANTAGES
Remarkable among motion pictures is "The Thirteenth Commandment," the pictureization of Rupert Hughes' novel in which Ethel Clayton is appearing at the Franklin today. It is a story of average Americans—not cowboys, or crooks, or society folk, but a family where father is a good provider and mother and daughter keep him on the job. Without including a crook, or a vamp, or a catastrophe of any kind, the picture manages to be absorbing to the audience of everything else during its presentation. And it puts over a moral without preaching.

Charles Meredith has the role of Clay Wimbourn. Lella Kip is played by Anna Q. Nilsson and Baynard Kip. Monte Blue. Other parts are taken by Jane Wolf, Irving Cummings and Winter Hall.

"Thrills and Thrills," a comedy, and a Happy Hooligan cartoon, are supplementary features of the program.

TWO SPECIAL FEATURES OFFERED AT PANTAGES.
There are two special features at the Pantages this week. One is the motion picture made on the stage two weeks ago by Valdes, in which the directors used Oakland young people for the characters. The picture turned out so very good that the Pantages management has decided to continue it another week.

The other feature is a complete circus with its elephants, clowns and comedians, wire walkers and the side show with its cut ups, singers, and acrobats. John Russett, who used to own one of the largest circuses in this country and who brought his big show to Oakland a few years ago, is director of the indoor circus.

Next week's feature will be Eddie Foy and his seven little Foyes.

"EVERYWOMAN" SEEN ON KINEMA SCREEN.
Elaborate settings, beautiful women exquisitely gowned, and an indefinable charm of action characterize the screen production of "Everywoman." Walter Browne's famous modern morality play, that is now being offered at the Kinema theatre.

The joys and sorrows, the trials and triumphs of "Everywoman" are emphasized by the gorgeousness of the theater, the catches, the gambling halls, the banquet hall through which her quest for love leads her. The allegorical characters are not mere figures but are made alive by little human qualities they betray. Wealth fights with the chorus girls and charity chews upon his cigar when he is perturbed; Passion is a duke, and Vice goes in for exaggerated styles.

Special credit should be given Violet Heming for the human appeal she brings in to the title role as well as to Theodore Roberts, who plays the part of Wealth, Monte Blue as Love, Bebe Daniels as Vice, Clara Horton as Youth and Wanda Hawley as Beauty.

"CROWDS TO AMERICAN"
The "Cup of Fury," the gripping dramatization by eminent authors of Rupert Hughes' famous book, continues to draw crowded houses at the American.

Of more than ordinary local interest because of its massive shipbuilding scenes, superbly staged in great yards, and a launching that was turned over to the producers especially for the making of the picture, the film is one that has been the veritable "talk of the week" among Oakland theatregoers.

Presented under the joint auspices of Rex Beach and Samuel Goldwyn, the film is a remarkable story of international political intrigue, American patriotism. It will be remembered that the book, when published, created a furor in its dramatization, the first venture of Eminent Authors, the organization of the big picture, and the making of the picture, to give their own works the best possible production, is handled on a lavish scale.

Among the stars are Helene Chadwick, Herbert Standing and other prominent actors.

The Trillars, a clever Universal feature, in which are starred Edith Roberts and David Butler, is the other feature on the American's bill, and the Surprise Trio, clever singers who appear in shipyard garb, render songs that are proving immensely popular. John Wharry Lewis and his orchestra and Edgar Bayless in the capacity of the American's big organ, add to the musical features. Next week comes the celebrated Nazimova feature, "Stranger than Death."

LOCKLEAR APPEARS ON T. & D. SCREEN
Locklear, daredevil of the air, continues to thrill big audiences at the T. & D. theatre, where the aviator will be seen in "The Great Air Robbery" until Saturday. In addition to Locklear's appearance on the screen he is also appearing on the stage at the T. & D. theatre afternoons and evenings.

"The Great Air Robbery" affords Locklear the opportunity to perform his greatest trick, that of changing airplanes while in the air. In the action of the story, however, as thrilling as it might be, is a lesson and a glimpse into the future. Locklear's picture shows the possibilities of the air as a means of service and the piracy that may exist when this development reaches that stage.

Constantine Biny is a delightful figure in "Firstwhile Susan," on the T. & D. screen. Her characterization of the drudge Barnabette is done with a finesse that is fascinating.

In the woman's descriptive songs are the hit of the program. Music by Signor L. Marcellini's big orchestra, T. & D. new feature, comic production and a Pathe News make up an attractive bill.

FULTON WILL PRESENT MISLEADING LADY.
With Nana Bryant, Paul Harvey and their associates fascinating the Fulton theatre patrons in a series of forceful characterizations in the drama, "Roads of Destiny," this week an entirely different sort of offering is announced for next week in "The Misleading Lady."

"The Misleading Lady" is decidedly alluring, delightfully enchanting. She is vivacious, bewitching, altogether charming in her beauty and winsomeness. Her characterizations are rarely met by a first-class lady tamer in the person of a vivacious young man whose role is assumed by Paul Harvey. She finds herself whisked away to a mountain lodge where she receives a life diploma in the school of cave-dwelling.

Theater parties, attracted by the power of "Roads of Destiny," are numerous at the Fulton this week.

OLE HANSON SPEAKS AT AUDITORIUM OPERA HOUSE
Fighting exponent of 100 per cent Americanism, Ole Hanson, Seattle's anti-Bolshevik orator, who is now making a national fight to rid the United States of the Red menace will speak at the Auditorium Opera House, Wednesday evening, January 28, under the auspices of the Lions Club at the Oakland Auditorium Opera House.

Former Mayor Hanson believes that what the "reds" attempted to do in Seattle they are now planning to do throughout the country and that drastic action must be taken by the government and the people if a serious national crisis is reaching in its effects is to be averted.

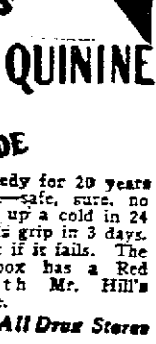

"FLAME OF YUKON" SHOWN AT BROADWAY
"The Flame of the Yukon," Dorothy Dalton's big starring vehicle in pictures and a sensation when first given to the public, has been revised and released in de luxe form again. It will be shown at the Broadway theatre for two days beginning today as another of the super-screen features that have been making up the attractions at that theatre. Viewing with this feature on an unusually attractive program is Viola Dana in "Please Get Married."

"The Flame of the Yukon" is a story of the gold-rush days to Alaska, of the lawless era when the man quickest on the draw was his own guardian. Dorothy Dalton plays the role of "The Flame," her greatest portrayal in pictures and a characterization that has earned her way to stardom in a night.

"Please Get Married," in which Viola Dana is starred, is the well-known stage success and one of the raging farce hits of the season.

The hymn beginning "Vital Spark of Heavenly Flame," was composed by Adrian, a pagan and persecutor of the early Christians.

Pneumonia often follows a Neglected Cold KILL THE COLD!

HILL'S CASCARA QUININE BROMIDE
Standard cold remedy for 20 years—in tablet form—safe, sure, no side effects—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a Red top picture. At All Drug Stores

Dandruffy Heads Become Hairless!
If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid ammonia, apply it at night when retiring; rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and itching of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid ammonia at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails. Advertisement.

DON'T NEGLECT A RHEUMATIC PAIN
Buy and keep handy a bottle of pain-relieving Sloan's Liniment.

YOU need it when the unexpected rheumatic twinges start the pains and aches following posture—sitting, standing, sore muscles, stiff joints, neuritis. Forget all about buying another bottle and keeping it handy, didn't you? Get it today—play safe—your next need is tonight!

This famous counter-irritant penetrates without rubbing and soothes the congestion. The pain or ache is soon relieved, leaving no plaster or positive massiveness, no stinging skin. Thousands of regular users keep it handy for emergency—they don't suffer needlessly. This is sold at all drug stores. 5c, 10c, 25c.

Ons and ends. Solid colors and two-tones. High and low cuts. Broken sizes up to 2 at pair **45c**

13th and Washington Streets, Oakland. 2x Stamps

PREMIER IN CLASH OVER RED POLICY

LONDON, Jan. 22.—The British cabinet has split on the question of Russia, with Premier Lloyd George and Secretary of War Churchill leading the rival factions, according to a despatch from the Paris correspondent of the Westminster Gazette today.

The correspondent says that the premier is trying to make peace with Russia, "lost the worst of England," while Secretary of War Churchill believes that unless Bolshevism is crushed, it will crush the British.

The despatch concludes, "the country must choose between the premier and the war secretary; between peace and war."

The Daily Express says there is ground for belief that a new military adventure is planned somewhere. This newspaper prints a Paris despatch saying that some circles regard the decision to open trading with Russia as a cloak to mask Great Britain's intention to undertake military operations to guard India.

Woman Says Hubby Has Foreign Views

Declaring that her husband is not an American citizen but "an Italian by birth and training, imbued with un-American and foreign views, that the wife is only entitled to a secondary, subjective and menial place in domestic affairs and should at all times defer her rights and privileges to the arbitrary will and will of her husband," Mrs. Mabel Colucci has sued John Colucci for divorce.

Colucci is proprietor of a Berkeley restaurant at 1735 Alcatraz avenue.

Germans Skeptical of Wilson, Von Bernstorff Letters Show

LONDON, Jan. 22.—The telegrams of Count von Bernstorff, the former German ambassador at Washington, to his government from April, 1916, to February, 1917, are published in Berlin, according to the Daily Mail's correspondent, who sends a summary. It begins with Bernstorff's description of the situation caused in America by the torpedoing of the Sussex, the ambassador saying that the White House regarded the situation as hopeless and adding:

"A repetition of such a blunder would force America into the war, which President Wilson would greatly regret because in a few months he would like to bring about peace."

On June 7, 1916, Von Jacow, then foreign minister, telegraphed to the ambassador regarding American peace efforts, saying:

"We are skeptical of the mediation of a statesman whose whole conception is inclined to the British standpoint and who is as naive as Wilson."

Von Bernstorff was therefore instructed to watch President Wilson's intentions regarding mediation, adding that if they coincided with the British inclination, "it will task your excellency to prevent President Wilson from approaching us with a positive suggestion of mediation."

The ambassador on July 13, concerned as to how the impending election would affect relations, declared that President Wilson's only thought "is his re-election" and says: "Another Lusitania would be necessary to bring America into the war."

In September of the same year, ruthless submarine warfare was under discussion and Von Bernstorff declared that the German emperor at this stage sent the ambassador a private confidential memorandum. This is not published but the chancellor instructed Von Bernstorff to hand it to the American ambassador to Germany, Gerard, confidentially on the latter's arrival, saying that it did not imply a menace about war. He was also instructed to draw America's attention to "the increasingly cruel methods of our enemies."

ENCOURAGEMENT ADVISED

Later the chancellor urged Von Bernstorff to encourage the President to issue a statement for peace, which he said would be gladly accepted by Germany, adding:

"If the President can not come to this decision alone he must combine with the pope, the king of Spain and the European neutrals in common action which could not be rejected by the enemies and would secure President Wilson's re-election and his historical fame."

Regarding President Wilson's manifesto of December 21, Zimmerman (the foreign secretary), informed Von Bernstorff that although Germany would reply to the President's invitation by suggesting an immediate conference of the belligerents, they would not consent that it be held in America.

Subsequently Von Bernstorff telegraphed to Bernthmann-Holweg, that Colonel House "requested absolutely confidential negotiations, of which only he, President Wilson and Von Bernstorff would know anything. Absolute discretion would be secured in the circumstances as both President Wilson and Colonel House are pretty clever at keeping secrets, contrary to other Americans."

Nothing came of this, and after that Von Bernthmann-Holweg's notification of the beginning of ruthless submarine warfare was received by Von Bernstorff.

ENCOURAGEMENT ADVISED

Later the chancellor urged Von Bernstorff to encourage the President to issue a statement for peace, which he said would be gladly accepted by Germany, adding:

ROTARY CONCLAVE PLANNERS PICKED

Announcement of the committees which will have charge of the arrangements for the conference of Rotary Clubs of California, Arizona and Nevada was made today at the luncheon of the Oakland Rotary Club at the Hotel Oakland.

J. E. West, chief scout executive of the National Boy Scout organization, who has been in the bay district to attend the Boy Scout convention in Berkeley this week, was the principal speaker of the luncheon telling of Boy Scout activities in the East.

The conference of Rotarians from fourteen clubs in the three western states is to be held in Oakland on March 31 and April 1. The local club will have entire charge of the arrangements. Following are the committees of the local club:

Conference Executive Committee—Al Carter, chairman; Harry Schroeder, Laurence Moore, Earl Crabtree, William Jurgens, Max Horwinski, Clem Ady, Romaine Myers, Tom Bridges, Jack Block.

District Publicity—Lawrence Moore, chairman; Joseph N. Burroughs, August Gerhard, Maurice Shippson, Clarence Vincent.

Local Publicity—Harry Schroeder, chairman; Harry Anderson, Harold Austin, James Hartsook, Edwin Stearns.

Transportation—Earl Crabtree, chairman; Karl Brackett, John Bonner, Fred Johnson, Willie Saunders, Ray Kitchener, Harvey Lyon, Allister Mitchell, Louis Reno.

Hotel—William Jurgens, chairman; Louis Aber, George Harris, Joe Moore, chairman; Joseph N. Burroughs, August Gerhard, Maurice Shippson, Clarence Vincent.

Registration—Max Horwinski, chairman; Ernest Brotherton, George Marvaded, Arnold Mount, Laurence Moore, Earl Crabtree.

Reception—Clem Ady, chairman; Fred Eischoff, Tom Eaglesome, William Mayhew, Theodore Schuler, Charles Thatcher, James Traverser.

Boy Scouts—Tom Bridges, chairman; Howard Bray, Arthur Hargrave, Edwin Huebner, Howard Lacker, George Lavenston, V. C. Lawrence, Joseph J. Rosborough, Al Savoni.

Halls—Romaine Myers, chairman; Al Atwood, William Dean, Harry Diehl, Robert Horst, Herbert Jackson, William McCune.

Boy Scouts—Tom Bridges, chairman; John Hottes, Charles Nesbitt, Harold Oliver, Eugene Young.

Decorations—John Mauerhan, chairman; Clarence Butler, James Archibald, Clarence Engwick, Archie Thomas.

WINE DELIVERY DELAY BRIEF, BUT IS FATAL

When a steep hill near Woodring halted an Adams Express truck on which was loaded twelve barrels of wine from Oakland on the night of January 16, it halted for all time the hopes of the owner for a delivery of the liquor at Fort Bragg. For at 1:30 o'clock on the next morning, the first day of the dry order, Deputy Internal Revenue Inspector Salisbury found the driver crouched beside the load and confiscated all twelve barrels. The wine is being held at Fort Bragg while the driver and truck are in Oakland subject to court order. In view of the circumstances it is said that no action will be taken.

POSTCARD BRINGS WOMAN DIVORCE

Her story of a fling battle at a Christian Endeavor meeting and of a postcard received by her husband from a woman in the Philippine Islands, asking him to support a legal requirement "if such requirements do not violate the rights of the companies," President Carranza said in a statement issued today.

The president said the postcard, received, therefore, that provisional permits shall be given to permits to include completion of wells started after May 1, 1917, and comprise wells already sunk or in process of drilling.

MEXICO CITY, Jan. 22.—Foreign oil companies in Mexico have stated they are willing to comply with all legal requirements "if such requirements do not violate the rights of the companies," President Carranza said in a statement issued today.

The president said the postcard, received, therefore, that provisional permits shall be given to permits to include completion of wells started after May 1, 1917, and comprise wells already sunk or in process of drilling.

MEXICO CITY, Jan. 22.—Foreign oil companies in Mexico have stated they are willing to comply with all legal requirements "if such requirements do not violate the rights of the companies," President Carranza said in a statement issued today.

A TONIC FOR THE NERVES

Nervous people who have not yet developed a disease that can be recognized and treated by the medical profession, have the greatest trouble in finding relief. Irritation, headache, sleeplessness, nervous dyspepsia, all these discomforts make life miserable but are endured rather than run a doctor's bill without definite hope of recovery.

Every sufferer should know the danger of such a condition of the nervous system. Nervous debility may easily result in the tone of the nerves is not restored.

The one big fact that should bring hope and courage to every sufferer is that the nerves can be restored by health Dr. Williams' Pink Pills. It cannot be too often repeated that only through the blood can nourishment and medicine reach the nerves. Dr. Williams' Pink Pills make the blood rich and quickly restore vitality and energy to a weak nervous system. A letter from a woman who gives these pills a trial is almost certain to see good results and, what is more, the benefit will be lasting because the trouble is attacked at its root. Thin blood makes weak nerves. Building up the blood restores the nerve force.

If you are taking a tonic treatment write now, while it is fresh in mind, for a copy of the health booklet, "Diseases of the Nervous System." Send no stamps. You can obtain Dr. Williams' Pink Pills at any drug store, or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, by Dr. Williams' Medical Co., Schenectady, N. Y.—Advertisement.

NOTED 'DIPS' INVADE CITY, POLICE WARN

That Oakland has been invaded by an organized gang of pickpockets, known as "dips," with headquarters in New York and ramifications in all parts of the country, was the opinion expressed today by police officials.

Invading the store of H. C. Gay, well known for his expertise in making away with a valuable fur coat. The crooks eluded the watchfulness of the store detectives, and although the coat was a full-length garment they made a "clean getaway."

A \$500 diamond brooch was stolen from Mrs. L. E. Van Ness, 433 Redwood road, while she was en route from San Francisco to Oakland last night. The theft was not discovered until she reached her home.

A purse containing \$27.50 was taken from H. F. Bright, Atherton.

PURSE STOLEN

Mrs. C. Elliott, 1115 Grove street, reported that a purse containing \$48 was stolen from her while she was attending a local theater last night.

Several persons lost jewelry, watches and pocketbooks while mingling with the crowd at Fourteenth and Clay streets yesterday.

Lieutenant Pickup made his landing in the streets with his arm-pie.

The police urge that a close watch be maintained by persons attending theaters and mingling with crowds on the streets.

TENNIS CLUB MEN THREATEN GUESTS

A tennis war in which verbal serves, returns and volleys are in order has broken out on the courts of the Berkeley Tennis Club, where a violation of privileges is charged against guests of the Hotel Claremont.

It is said by the club members that hotel guests are using the courts outside of the hours reserved for them and that, up to now, there has been no order as to the use of the courts. A letter signed by Fred Adams, club secretary, and threatening to take action, has been sent to the hotel.

As a result of the affair there is now posted in the lobby of the Hotel Claremont a letter signed by Fred Adams, club secretary, and threatening to take action, has been sent to the hotel.

FORMER SENATOR, AGED 74, WEDDED

That William Walter Moreland, 74, former private secretary of Governor George Stoneman from 1883 to 1886, state senator from Sonoma county in 1887-8 and one of the two surviving members of that constitutional convention in 1879, had recently been married to Mrs. A. Matilda Routledge, 48, became known for the first time today.

The wedding ceremony was performed by Judge James G. Quinn, an old acquaintance of Moreland's, last Saturday at noon. The bride has been a resident of Oakland for about two years. She came here from Portland, Oregon. The couple are making their home at 5035 Dover street.

Moreland, who came to California in 1857 from Arkansas, has played an active part in the state's history during the past half century. In 1880 he was a deputy district attorney in Sonoma county, leaving that position to become private secretary to Governor Stoneman in 1883.

Oakland Man Suicide in L. A. Hotel Room

LOS ANGELES, Jan. 22.—The authorities are awaiting directions from Louis Aligewahr of Oakland today regarding the funeral arrangements for the body of his brother, George Aligewahr, 55, found dead in his room here early today under circumstances pointing to suicide. Aligewahr recently came to Los Angeles from Alaska. Acquaintances said he seemed depressed over his inability to obtain suitable employment, although he had ample funds for some time to come.

The Oakland City directory gives the name of Louis Aligewahr, clerk, residing at 665 Fifty-seventh street.

Want Data Before Making New Loan

WASHINGTON, Jan. 22.—The House Ways and Means committee today decided to call upon the treasury department for a complete statement of all the loans made to foreign governments before acting upon the request of Secretary Glass and Herbert Hoover for an additional authorization of \$150,000,000 to fund "starving" in Europe.

"Dammit, He's Dead," Dog's Epitaph Reads

ABILENE, Tex., Jan. 22.—Summons College dismissed classes today for the funeral of "Dammit," the school's white bull terrier mascot. A marble headstone erected over the grave carried the epitaph, "Dammit, He's dead."

Judge Recovers Cash Little Girls Paid for Daddy's Gift

Two sisters, aged 13 and 11, invoked the strong arm of the law today—or, rather, its shadow—and triumphantly hurried home with shining eyes, a complete victory under their arm and vigorously restraining an overwhelming desire to shout: "Justice to the masses!" or its childish equivalent, Judge Harry W. Pulcifer provided the law's strong arm, or its shadow. He refuses to divulge the names of his clients.

They went into the judge's chambers, timidly edged up to his desk and looked hesitantly across his expanse. The judge smiled. That looked a torrent of explanations, appeals and entreaties and almost a flood of tears.

"Please, sir, is there any law about getting back your money when you have to have it—that is—when the thing you bought isn't the thing you ought to have and you know it, says it will never do and your daddy's birthday is getting awfully close? Can they put laws in jail for—"

Just a moment! Judge Pulcifer interrupted with another word that brought the tots a step closer. "Let's begin at the beginning."

By this time one of the youngsters found her tiny hand in the judge's bigger one and the story was drawn out, piecemeal. The sisters had saved long and ardently for daddy's birthday present. They had accumulated nearly \$10. Daddy needed a handbag. Together they slipped away from home when mother didn't know it, took their treasure to a pawnbroker's shop and found a bag for \$8.75. And the man said they could return it if it wasn't the right kind. Mother, after her first surprise, vetoed the purchase, but the pawnbroker wouldn't give back the money.

Judge Pulcifer called up the shop in question.

"What's the reason these little girls can't get back their money for the handbag they bought from you?" he asked, when his identity had been made known.

There was a pause while a low conversation was held at the other end of the phone.

"Tell them their money is waiting for them," at last came the answer. "There was a little mistake. The clerk did not quite understand."

Fourteen More Teachers Named

Preparation for an unprecedented increase in attendance in the local high schools when the new term opens next Monday has been made by the Board of Education through the appointment of fourteen new teachers.

According to Superintendent Hunter, the increase in high school registration will be phenomenal for the next term. While 285 pupils have been graduated from the various high schools, a fresh registration of almost 1,100 students from the grammar schools is expected.

B'nai B'rith Issues Dance Invitations

Invitations have been mailed by Oakland Lodge, No. 252, I. O. B. B. for an informal dance at the club rooms in Covenant Hall, next Tuesday evening. This will be the first of a series of dances to be given by this organization this year.

For those who do not dance, the committee has arranged a whist party to be held in the reading room of the club.

The committee in charge consists of Sidney Silverstein, Louis Lesser, David Rosen, Max Cohn and Charles Kline.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing "unbecomingly mental perversity," a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

Genuine Castoria always bears the signature of Chas. H. Fletcher.

Coughs and Colds

Are removed by Vinol, our Cod Liver and Iron Tonic, because it is a constitutional remedy.

Here is Proof:

Manistee, Mich.—"I was in a weak, run-down condition as the result of a chronic cough and cold so that I often had to stay at home from work. Vinol stopped the cough, broke up my cold and built me up after other medicines had failed."—MARGARET DALE.

It's the beef and cod liver peptonized, iron and manganese peptonized and hypophosphites contained in Vinol that makes it such a successful remedy for chronic coughs, colds and bronchitis. It is not a palliative like cough syrups, but a remedy of the cause, try it on your guarantee.

Your money back if it fails.
The Owl Drug Co. and drug stores everywhere.

To Keep Your Skin Free From Hairs

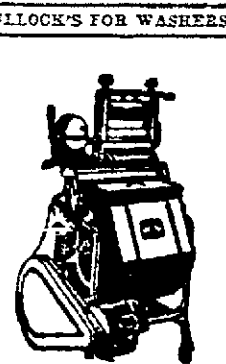

(Beauty Topics)
If you are willing to spend a few minutes time in your room using a delicate hair cream easily washed away, you can easily banish any ugly, hairy growth without the discomfort or injury. The paste is made by mixing some water with a little powdered octanone. This is then spread over the hairy surface and after about 2 minutes rubbed off and the skin washed. You will not be disappointed with this treatment, providing you get real Octanone. Advertisement.

OAKLAND PLEASED BY QUICK RESULTS

Everyone is pleased with the quick results of simple witchhazel, camphor, hydnastis, etc., as mixed in Lavoptik eye wash. One man's eyes were so badly strained he could not read without pain. Two applications relieved him. A lady with weak, inflamed eyes was greatly helped by ONE bottle. We guarantee a small bottle of Lavoptik to help ANY CASE of strained or inflamed eyes. Osgood Brothers, druggists.—Advertisement.

Reduce Weight Happily

Use famous GIL OF KOREAN, follow directions of Korea system. Dietetics become simple, healthy, attractive. LAXATIVES: Sold by drug stores, including The Owl Drug Co., W. W. Heathorn, Osgood Bros., Boveira Drug Co., R. Kraft. And by food druggists everywhere who will supply you with genuine GIL OF KOREAN.

Made for 9 years—
not an experiment.

Apex Electric Washers

ARE SATISFACTORY BECAUSE THEY ARE
MADE OF COPPER AND HAVE NO
MOVING PARTS IN THE TUB.

Yet they cost less than other galvanized iron machines. Ever see an old gas stove after a few years? Rusting away. Copper washers will never rust and they are subject to water and moisture. REMEMBER THIS IN THE SELECTION OF A WASHER. A COPPER MACHINE will last a lifetime. Absolutely sanitary.

There being no moving parts in the tub, we find after six years' experience with electric washers, that THE APEX IS THE MOST SATISFACTORY AND WASHES THE QUICKEST, with absolutely no wear on the goods. No slats, nails, cylinders, pegs or complicated mechanism with an Apex.

A free demonstration in your home will be given. If not satisfactory in every way—if it don't wash the dirtiest pieces satisfactorily we will take it back at no expense to you. Can we do more?

Sold on Easy Terms—Same as Laundry Bills.

APEX WASHERS ABSOLUTELY GUARANTEED

SPIRITS BLAMED IN DIVORCE SUIT

How the spiritualistic tentacles of a mother-in-law who went into trances and the "fourth delusion," disrupted a happy home, related by Mrs. Lorene Stockwell in her divorce complaint filed against Paul Stockwell, an employee of the Oakland Towing Company, 976 Twenty-eighth street.

All was serene in the household which included her mother, Mrs. Stockwell states, until her husband's mother came from the East and found into trances told her son what a poor wife she was. Under his mother's influence, her husband would go at once to his mother's room when he returned from work and remain there all evening, neglecting her and their baby, the wife states.

Something besides spirits of the other world were interested in these nightly communions, says the wife, when her husband brought home a bottle of wine and took it up his mother's room, where he was afraid to leave it downstairs as his wife would become intoxicated. This he knew to be false, the wife states, as she never indulged in liquid or festive spirit.

The influence of her mother-in-law, the wife complains, resulted in her husband neglecting her and the baby together, complaining about the cooking, and culminated in his chief act of cruelty on Christmas eve when he struck her and declared he was getting as much kick out of it as he would a movie. The wife also alleges that she saw another woman riding in an automobile with her husband and that he at first denied but afterwards admitted the occurrence. She asks for \$10 a month alimony and custody of the baby.

Contradicting the testimony of L. R. Luster, private detective, that he had seen Mrs. Alma Alina Kurri, native of Finland, with a man, not her husband, and that they had entered a house in Oakland together, failing to reappear before he left at 1 a. m., several women friends of Mrs. Kurri testified before Judge T. W. Harris that she was with the defendant in question and not near the places mentioned by Luster.

Mrs. Kurri charged Toivo Himari Kurri, whom she sued for divorce, with cruelty. Kurri declared his wife had associated improperly both here and in the east, with other men, but these were denied. Mrs. Kurri's women friends testified that at another time when Luster said she accompanied a man to San Francisco there was no man present.

Mrs. Lulu Lauri, sister of the defendant and whom the latter gave the custody of a four-year-old child, created a scene when Mrs. Lydia Landahl testified that she was nervous and irritable in the treatment of her step-children, by shouting, "That is not true."

Harris said if an interruption again I shall punish you for contempt of court.

Mrs. Kurri was granted the decree and the custody of the child. Judge Harris said the charge of nervousness and exaltability was proved by Mrs. Lauri's outbreak and he would not give the girl into her charge.

Pumping Plant Men Denied 8-Hour Day

Engineers in the high pressure pumping plant will not be allowed to work on an 8-hour shift, under an opinion given to Commissioner of Public Health and Safety Morse by City Attorney Hagan, covering the question that was raised recently. According to Hagan the engineers at the plant are considered a part of the uniformed force of the fire department and as such are governed by the provisions of the ordinance now in force regulating the hours of department employees, who are now on a 12-hour shift.

THAT COLD WON'T BOTHER YOU LONG

Not if you let Dr. Bell's Pine-Tar-Honey help relieve it

COLD-DISCOMFORT is something no man, woman, or child should be bothered with for any length of time. The pleasant ingredients of Dr. Bell's Pine-Tar-Honey help wonderfully in loosening phlegm and congestion, easing the breathing, and relieving cough, bronchitis, cold inflammation, hoarseness.

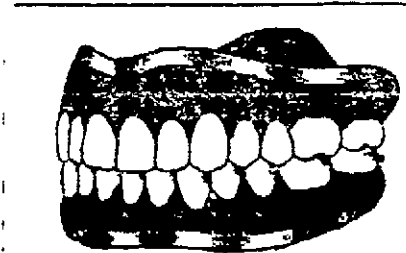

The test of time has favored Dr. Bell's Pine-Tar-Honey. It helps speedily, safely, to start a cold-sufferer on the road to normal. No medicine cabinet should be without it.

COURT ROOM TURNED INTO LABORATORY

The courtroom in department six of the Superior Court was turned into a chemical laboratory with Judge J. J. Trabucco an interested observer of the experiments.

The Park Gate Apartments, Inc., is suing Wagner Bros to recover \$175.33 paid for paint for use on the apartment building and which, it is claimed, did not protect the building but permitted the rain to seep through the roof and ruin the plastering.

Several pieces of the plaster in question were produced in court and Frederick M. Eaton, expert chemist, performed a number of experiments, pouring acetic acid over the pieces already wet by rain and then not so affected, while the judge watched the color of the pieces change as the acid took effect.

Oakland Perfects New Dance: 'Duck Waddle'

After the turkey trot and the fox trot there is need for a new dance, and it is being perfected in Oakland. It is to be known as the Lake Merritt wild duck waddle, Eugene Bowles, publicity manager of the Chamber of Commerce, says it ought to make Oakland famous. He is willing to make the limit lacking it up with "miles of publicity."

The new dance is being created from nature study by the dance master of the "Buds and Blossoms" show, now rehearsing at the Hotel Oakland, and Assistant Manager W. W. Madison is trying to learn the waddle so as to teach it to patrons. The show is to be advertised in a national publication with over 700,000 circulation and the fame of Oakland's wild ducks will thereby be extended.

Teradatus described auction of Babylonian girls of marriageable age.

Net County Assets Total \$4,444,314.01

Alameda county has total net assets for the month of December last amounting to \$5,071,334.27, according to the report of County Auditor E. F. Garrison. Of this amount \$2,311,717.77 is cash on deposit with County Treasurer Fred Fox. \$214,488.87 department collections, and taxes \$61,082.58 less revenue debtors and uncollected trusts. The total liabilities amount to \$627,519.26, leaving the net available assets at \$4,444,314.01.

GIRL DIES IN SCHOOL FIRE
DEMOREST, Ga., Jan. 22.—Miss Florence Weeks of Atlanta was burned fatally and half a dozen other girls received injuries in a fire which yesterday destroyed Mary J. Green Hall of Piedmont College.

Blotting paper was discovered by accident early in the nineteenth century.

SILVA REPORTS LIQUOR MAY BE TOTED IN BAG

At last, some cheer for the "wet"

Frank M. Silva, state enforcement prohibition officer, announces two rulings that are not against the thirsty. One may carry one's liquor in a handbag from one part of the State to another, but first must obtain a permit. It is also permissible to keep liquor in two places if both are one's bona fide residences. Intoxicants must not be shipped by express or checked in a trunk but handbag "toting" is all right, according to Silva. All of the liquor not consumed at the point of destination must be returned to the owner's home, adds the prohibition officer.

Mrs. Shonts Demands \$1,000,000 of Woman

NEW YORK, Jan. 22.—Mrs. Amanda C. Thomas, residuary legatee under the will of the late Theodore P. Shonts, was made defendant in a suit for \$1,000,000 filed in the county clerk by Mrs. Milia B. Shonts, widow of the former president of the Interborough Rapid Transit Company.

In her complaint, Mrs. Shonts says she and her husband lived happily from their marriage on December 28, 1881, in Centerville, Iowa, until about 1910. He met Mrs. Thomas in 1906 and she avers that "thereafter and until September, 1912, when he died, the defendant wilfully, wickedly and maliciously engaged in gaining the affections of Theodore P. Shonts and succeeded in inducing him to leave the plaintiff."

Gaiety Club to Have Costume Party Tomorrow

Two important assemblies to be held tomorrow evening are those of the Berkeley Assembly on this side of the bay and the Gaiety Club, in San Francisco. Though one of the smaller dancing clubs in the bay district, the Gaiety holds the record of being perhaps the most exclusive gathering of the debauche set heretofore. Tomorrow evening's affair is to be a costume party when the belles and beaux of the season appear in the varied costumes of the Pacific coast—Oriental, Indian, Spanish, cowboy, and these picturesque fashions carried out years ago on the western coast, when the country was young.

The dance will be given in the spacious ball room of the Flood home in San Francisco, with Miss Mary Emma Flood as hostess. It is the custom to have the dances in the homes of the members, thus keeping them the more exclusive, invitations to men friends being issued to those whose names have been submitted by the members.

The Berkeley assemblies are among the larger of the dances held on this side of the bay, and for seasons have been given at the Twentieth Century clubhouses, in Derby street. About two hundred of the coldest set will be guests.

RETROTHAL TOLD AT TEA
One hundred maids and matrons were guests this afternoon at tea which Mrs. Millard Bury gave at her home in Twenty-eighth street.

Assisting Mrs. Bury and her honor guest to receive was Miss Norma Dearborn and a former Claremont girl. Mrs. Allen Morrow, Mrs. Miles Millar, Mrs. Bert Walker and Miss Marjorie Porter.

A complete surprise to the guests was the announcement of the betrothal of Miss Norma Dearborn and Leo A. Morrow of San Francisco, a son of Judge Frank J. Murasky. Miss Dearborn is the daughter of Mr. and Mrs. W. H. Dearborn, of Berkeley.

The wedding will take place the latter part of this year.

Mrs. John Morrison was hostess at tea today at her home in Claremont, entertaining for Mrs. Norman B. Miller of Woodland, a former Claremont girl. Assisting the hostess to greet her guests were Mrs. Thomas Rowlands and Mrs. Robert Corlett.

Miss Katherine Maxwell will entertain the members of a bridge club at her home in Vernon Heights, Tuesday afternoon.

HOSTS AT DINNER PARTY IN PIEDMONT
Mr. and Mrs. Jack Okell are to be hosts at a dinner party tomorrow evening for about ten of their intimate friends. They will entertain at the Edward Marion Ward home in Piedmont.

Cards have been sent out for a luncheon tomorrow which Mrs. John W. Morton will give at the Sequoyah club. It is to be one of a series of luncheons which the hostess has planned for her friends this spring.

Mr. and Mrs. Fisher A. Buckingham (Heien Merrill) are receiving congratulations upon the announcement of the birth of a little son, born Jan. 13, who is to be christened John Merrill Buckingham.

MISS SHERVEY TO BE TEA HOSTESS
In honor of Miss Charlotte Hopkins, whose marriage to Herbert Anderson will take place this spring, Miss Ruth Shervey will entertain Saturday afternoon.

Miss and Mrs. G. G. Shervey, assisting will be Miss Myrtle Kalas, Miss Ethel Stokes, Miss Dorothy Elmer, Miss Charlotte Hopkins, Mrs. Herbert Orichson and Mrs. L. C. Hopkins.

Mr. and Mrs. Walter Scott Gannon and Mr. and Mrs. Frederick L. Whitton left today for New York, expecting to be in the east for about six weeks. The trip will be one of both business and pleasure.

H. F. HARTY, HOME FROM ORIENT
The Howard Hamilton Harty has arrived at his home in Claremont after a tour of the Orient. They stopped in Victoria, B. C., en route home.

Mr. and Mrs. Albert Lippitt Smith announce the betrothal of their daughter, Miss Lucia Lippitt Smith, to Leon Edison Rushon. The bridegroom-elect is from Pasadena.

Mrs. J. C. Coleman is visiting her sister, Mrs. D. P. Armstrong, in Berkeley. Mrs. Coleman has just returned from Chicago.

MRS. WILLIAM SPENCER
BOGGS of Berkeley, is one of the Eastbay matrons who has been entertaining throughout the winter.—Hartsook photo.

Literary Folk Meet Every Sunday Afternoon

By EDNA B. KINARD
With Miss Ina Coolbrith named the poet laureate of California it is fitting that she should be leader in that which relates to the literature of the state and should draw around her in intimate circle the men and women who have a love in their souls for the beauty of words which imprisons the ideals of California. It is the purpose of the California Literary Circle, which links together Bret Harte, Joaquin Miller and their kind. She belongs to Oakland as a former resident. She is one of the few honorary members of Ebell and of the California Writers' Club. Miss Coolbrith belongs to the state and the world by virtue of her sweet songs.

Perhaps there are not many who know that on Thursday Sunday afternoon of each month between the hours of 2 and 4 o'clock there gathers in the Donahue library, 50 Oak street, San Francisco, lovers of literature from all the bay cities to give this hour over to an intimate little time with those who will go down into the ages as the representative pen women and pen men of California. The Ina Coolbrith Circle of the California Literature Society is the name by which this group of students, among whom are the distinguished ones of the state, are known. A hospitable welcome is extended to all who care enough to spend the quiet Sunday afternoon.

California literature or a desire to know something concerning it is the only obligation which is placed upon a visitor. The study circle was founded in the Presidio home of Miss Coolbrith several years ago by those who made Sunday afternoon pilgrimages to talk over many things. When she left for New York the directors of the Donahue library offered the use of their quarters.

The Ina Coolbrith Circle will be "at home" to whoever will come on Sunday afternoon. It is the poet's dearest wish that the group of California literature students shall grow.

WOMEN TO HEAR CHIEF VOLUNTEER
"Criminology" and the "Smith-Town" bill will be the subjects for tomorrow's members of Oakland and center, California Civic League, assembles at Hotel Oakland, August.

Volmer, chief of police in Berkeley, and E. Morris Cox, assistant, will be the speakers. Mrs. Kate Rounsvell will be chairman of the day.

MOTHERS' CLUB HEAD NOW RED CROSS DIRECTOR
Mrs. Edward Morgan Jones, president Oakland Federation of Mothers' Clubs, has been named to the board of directors of the Junior Red Cross Shop carried on at 557 Twelfth street by the school children of the city. The federation has pledged itself to a full support of the project, whose profits will be devoted to providing children of the city with dental clinics, medical service, care for eyes, interest for the crippled little girls, and materials, perhaps, for students in vocational classes who cannot afford to purchase them. This is the shop which the public is urged to stock with gifts of discarded clothes which schools will rehabilitate and make over and for which there is a steady sale; old dishes and old hats particularly, although anything will sell. A telephone call to Larkside 151 will bring a Red Cross truck for collection.

VIRGIL DIXON TO ADDRESS MEETING
Virgil Dixon, head of the Bureau of Research and Vocational Guidance under the Oakland Board of Education, will address a community meeting in the Santa Fe School assembly hall tomorrow night.

PARENT-TEACHERS HAVE NEW MEETING PLACE
Lafayette Parent-Teacher Association, which has been moved about for several months because of the overcrowded condition of the school and the necessity for using every available corner for classrooms, is adjourning on Tuesday to the Shred-Wheat Co. building, where the management has arranged to entertain the members.

Tom Lipton's Fast Boat to Enter Race
NEW YORK, Jan. 22.—Sir Charles Allon, a leading English yachtsman, who arrived in New York yesterday on the Cedric, said today that Sir Thomas Lipton will send his 22-metre Shamrock to America this spring to meet the cup challenger. Alfred Draper will be the skipper of the 22-metre boat, Sir Charles said. He expressed the confidence that all British yachtsmen have in the ability of Shamrock IV, to lift the American cup.

TRIBUNE FILMS SHOW EXCITING SPORTS EVENTS

Running the gamut of sports to aviation, this week's TRIBUNE-T. and D. News Weekly, being shown at the T. and D. theater, holds a varied interest to all. Cliff Durant supplies the aviation in some thrilling "circus" stunts over his own aviation field and the sports are glimpsed in some scenes which show St. Mary's baseball squad getting ready for the coming season. "Speed" Martin, former Oakland ballplayer and now a big leaguer, is shown unwinding a few. Other interesting scenes show the congregation of the Methodist church leaving services, Sunday day at the Oakland high school and the "rush" and the military funeral of Lieutenant-Colonel R. C. Dewey.

REPARATIONS HEAD NAMED.
PARIS, Jan. 22.—(Havas.)—Charles C. Tamm, former minister of blockade and invaded regions has accepted an appointment as French delegate on the reparations commission and will be president of that body, according to newspapers here.

Zionist Authority to Lecture Sunday

Yehuda Barak of Palestine, who has been touring the country in the interest of Zionism and the Zion commonwealth, will lecture next Sunday evening at the Emanuel school building, 1337 Sutter street, San Francisco, under the auspices of the San Francisco Zionist district. Barak came here in the early part of the European war, because being an

aggressive Zionist made it unsafe for him to remain in Palestine when Turkey joined in the hostilities. Next Sunday's meeting will be presided over by Judge I. M. Golden. A musical program will be given and the public is invited.

WILL GIVE WHIST PARTY.
Piedmont Parlor, No. 87, Native Daughters of the Golden West, will hold a whist party this evening at Native Sons' hall, Eleventh and Clay streets. Miss Sarah Realy will be chairman.

Shipyard Striker Turns to Inventing

When the shipyard strike put S. D. Smith, 693 Fifth street, out of work he turned his attention to inventing fields with the result that he has patented a material to solder aluminum. Smith says that heretofore there have been no solders that have worked on aluminum wire and that his patent is the first of the kind.

A SYMBOL OF THRIFT in MILLIONS OF HOMES

THRIFT has always been a virtue; today it is a national valuable habit.

Back in 1896 the little Z.N. Green Stamp taught its first lesson in Thrift to a few frugal folk in New England. Today this money saving token is known and endorsed by millions of housewives and thousands of merchants throughout the United States.

Given as a bona-fide discount for continuous cash patronage these nationally famous trading stamps mean a saving of about 3% on the regular every day purchases of all who wisely take advantage of the benefits they render.

Those progressive dealers who issue Z.N. Green Stamps encourage the soundest, sanest and most satisfactory method of consumer buying; that is, putting cash on the counter instead of names on the books. Cash purchasing builds for economy and thrift and is a valuable asset to any community.

As a matter of service and saving to our millions of loyal friends it will be of interest for everyone to know that during the past 23 years we have distributed over \$60,000,000 in cash or merchandise to those who trade the Thrift way—the Z.N. Green Stamp way.

Founded in the 19th century the "Sperry" Service is today an estimable, efficient and effective 20th century exponent of the time-old doctrine of Thrift.

It will pay you well to join the group who know that every Z.N. Green Stamp book is a symbol of "Sensible Spending and Substantial Saving."

Principal Z.N. Green Stamp premium stores:
1260 Market Street, San Francisco 105 E. Santa Clara Street, San Jose
538 15th Street, Oakland 710 E. Main Street, Stockton
1359 J Street, Fresno

Hundreds of other Z.N. stores everywhere.

AUTO SHOW PROVES RECORD-BREAKER

RAIN FAILS TO HAMPER AUTO SHOW

By JIM HOULIHAN

With nearly every available foot of space crowded with jostling humanity, the third night of the automobile show at the auditorium proved a record breaker in spite of the rain. The inclement weather does not seem to dampen the enthusiasm of the thousands which thronged the building from opening yesterday until the closing, and today's attendance promises to be greater than ever.

Literally thousands have come in to view the exhibits from all over California. People are here from the north and the south, and every visitor is more than pleased with the wonderful exhibits of motor cars, trucks and accessories.

And the dealers are pleased because this is a buying crowd. Many prospects will be closed when the show is over and the agents will have a long list to call on for many weeks. Many of these likely buyers will be closed soon after the show ends.

BUYING IS HEAVY.
At the show itself the buying is heavy. Of one booth a dealer reported three sales in a few hours, during the same day. Others have similar stories. The great building has been jammed with an admiring throng all day and up to closing time.

In the show last year people came, took a casual look at the cars and then went home. They were not remaining to inspect models and then come back to look again.

The accessories, of which there is a wonderful display, present a kaleidoscopic effect of ever changing lights and shadows, with throngs on hand day and night. There is nearly every known motor accessory and many that are here for the first time.

The car display is the most complete ever held here. There are new cars, shown in this territory for the first time. Many of these post-war models were shipped out here by express to be in time for the show.

No one seems to have a monopoly on the exhibits. The throng, extremely good natured, seems to want to see everything. The auditorium has been transformed into a power of beauty and the decorations are really beautiful and make a fitting setting for this, the first great automobile show west of Chicago.

SHOW IS SUCCESSFUL.
Bob Marland, manager of the big show, is a tired man these days, but he is happy because he is making a huge success of the greatest show ever held here.

Never was a more enthusiastic set of motor car dealers than right here in Oakland. The co-operation of the whole automobile industry has made this show the success that it now is.

Thousands have attended and other thousands will go before the great event ends Sunday night. One of the features of the show in the display, for the first time at any show in the west, of the Commonweath and Standard eight cars. These two models are shown by Hugo Muller, in his booth the two cars, are surrounded by an admiring throng all day and night.

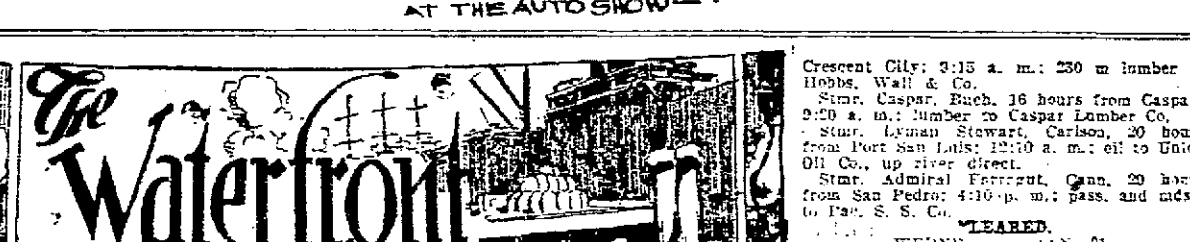

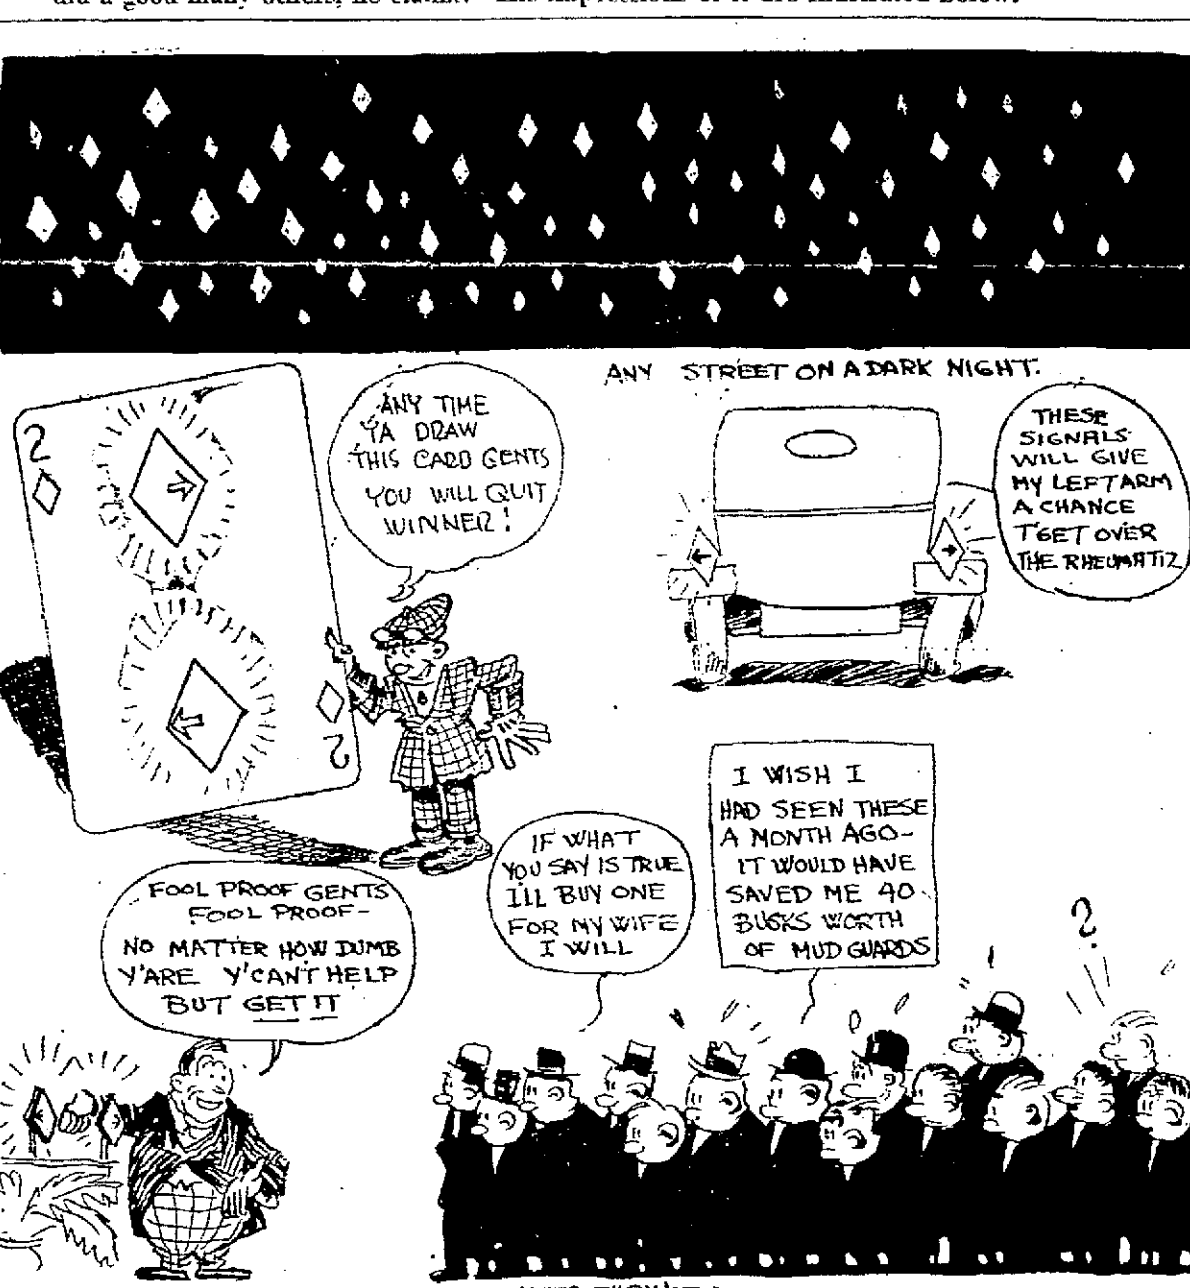

The Standard eight, a powerful eight cylinder car, is built by the Standard Steel Car company of Pittsburgh, one of the largest concerns in the country. The car is distributed in Northern California by the White-Humphries company of San Francisco, and through Hugo Muller on this side of the bay.

The Commonweath, "four-forty," is a well built four cylinder car, with beautiful lines and a clever performer.

H. F. Humphries and Frank Straus, of the White-Humphries company, have been constant visitors at Muller's booth, helping him and his sales force answer the questions hurled at them by interested throngs.

JUDEANS TO DANCE
A leap year ball will be held by the Judeans Sunday evening at Wigwam hall in the Pacific building. The society announces that many original plans have been made.

THE ACCESSORY DISPLAYS AT THE AUTO SHOW ARE CAPTURING A GOOD BIT OF THE interest being shown in the motor car exhibition at the auditorium. Cartoonist Rod took a course in mechanical signal operation last night at the booth of the Diamond Signal Co. So did a good many others, he claims. His impressions of it are illustrated below.

After having her headquarters at the foot of Sixth avenue, East Oakland, for ten years the Pacific Telephone Company's cable-barge repairman moved today to its new location at the Pier Terminal, West Oakland. For the past week the crew has been getting everything on the dock in shape to be loaded on the barge, and this morning the tug took her to her new home. She will be missed by all who have used her as a sort of marlin to steer in the channel while bound up the Brooklyn Basin.

A fleet of four little steam schooners came into port yesterday afternoon bringing 1,325,000 feet of lumber. They were the Westport with 325,000 feet, Caspar with 250,000, Unimark with 220,000 and the Phoenix with 225,000 feet of lumber. These craft are used for outside ports where it is not safe to use a larger craft to venture, and they can only load their cargoes when the weather permits. When the sea is rough or the wind blowing at any great rate these little craft are compelled to slip the moorings and make for the open sea. Many of these outside ports have no docks, and their cargoes are loaded from shore by wire trolleys made fast to the steamer's spars from shore. At this season of the year, the masters of these craft are busy with the handling of the vessels and are ready at a moment's notice to get out in case the sea gets too high.

The United States cruiser Brooklyn is due at the Golden Gate Wednesday next. She came from Vladivostok and stopped at Honolulu for fuel and provisions, sailing from the latter port on Tuesday last, according to advices received here today. The Brooklyn will remain on this coast.

The United States tug Seacom, with four concrete water barges for tow, bound for Mare Island, was to leave Astoria yesterday, but on account of three of the barges sustaining damage they refused to go to sea in them and the first officers were appointed masters, and today the tug will proceed on her journey if the weather permits her to pass out of the Columbia river.

The bark Monongahela, a former

MOTOR CAR IS REGARDED INVESTMENT

What is the relation of the so-called pleasure automobile to the owner's prosperity, is a question the reporter heard discussed at the automobile show last night. One of the debaters contended that the character of "pleasure cars" expresses only half the meaning. He characterized an automobile as a necessity in many men's economy. "The man without an automobile is like a fly on a picture," he said. "His horizon is narrow and his vision is short-sighted. He misses about half the value of the modern civilization. He misses opportunity to improve his condition by not being able to keep abreast of the developments that are going on. He does not know what is going on, and not knowing he cannot benefit. He passes up opportunity to invest his savings for the greatest profit by not knowing where the greatest development is going on."

WILL EARN EXPENSES
It was contended that instead of being an expense, an automobile can earn its cost and its keep for any owner who is wide awake to the open quest for improved opportunity.

No one sees the wild ducks being fed on the Lake Merritt green every morning at 10 o'clock? The automobile owner. Who knows the joy of the yardside green, the sympathy of the fall-fung opportunity? The automobilist, of course.

The automobile show is demonstrative of one thing, namely, that there is a car for every income, and the demonstrators contend they are talking economy when they talk cars.

Society night at the show was not just like society night at the old-time horse shows. The machines didn't perform stunts at hurdlings and the like. The beautifully gowned ladies did not sit in decorated boxes and look on. Society night at an automobile show is a different thing.

There were a few dress suits in evidence, but in the main the men were in evening dress. The women were in evening dress. The men were in evening dress. The women were in evening dress.

Sharp went home and took "ent off." Apropos of stories try this one. It happened at the show. A man in a corner and is told by L. B. Hatton, champion salesman.

Two lecturers from rival organizations were in a dispute. The first was arguing the merits of the three-quarter floating axle, and so eloquent and plausible was his argument that the other man's words were lost.

"Now really," he said, "don't you honestly think that the full floating axle is superior?"

"Yes," the other replied. "But look at all the thousands of cars without them!"

MECHANICAL PROBLEM
The answer was thought to be terribly funny and the salesmen around the arena were having a laugh over it all day yesterday. But what the exponent of the three-quarter floating axle intended to convey in his reply was that experienced mechanics, and the thousands of cars with only the three-quarter floating axle get over the roads and past the garages about the same as the others.

This is a pretty fair summary of the mechanical problem. The other fellow's car may be the best car, technically, but your old beat goes on just as well, so what's the difference?

Speaking of demonstrations, this one has them all backed off. The Japanese are demonstrating a contraption that the spike lock locks on. Two Japanese attendants at one of the exhibits were fooling around like a couple of kids, doing the old stunts and the like. One of them picked up a spike lock, one of those things that you lock over your casing and rim so that when the burglar comes he can't get on along punching bolts in the pavement so you can track him, and slipped it over the other fellow's neck, locking it. The owner of the lock happened to be in Riverside and there was no duplicate key. The Japanese had to wear the thing for a couple of days waiting the return of the owner. When it was found that the owner had gone to New Orleans or somewhere, they tried to saw it off. Not being able to do that they ducked the Jap in a vat of oil and pulled it off. He was all right after they sent him to the hospital.

Four Texans Die of Drinking Hair Tonic
CHILDRESS, Tex., Jan. 22.—Four men are dead here, and six others are recovering from the effects of drinking hair tonic, believed to have contained wood alcohol. The men died shortly after drinking the tonic Monday night.

THERE'S A FAINT PROTEST HEARD FROM EXHIBITORS adjacent to the Maxwell and Kissel displays. They claim it's the magnet for charming members of the fair sex. Cartoonist Rod was sent to investigate the "kick." He found Manager Jim Gray a busy individual expounding Kissel qualities to two pretty prospects.

NEW RUBBER FIRM PROVES PROBABLY

One of the exhibits of the show that is attracting a great deal of attention is the Coast Tire and Rubber company. This company, which is an Oakland concern, will soon start work on its plant here, where high grade tires will be built.

There is no reason why Oakland should not be the tire manufacturing center of the country or at least the west. At this point the rubber enters from the Far East. There is a wonderful supply of cotton at hand in this state and in Arizona, that is well fitted for tire production. The rail and water connections of this city are unbeatable.

The Coast Tire company will soon start work on its plant and will be able to supply the needs of the tire-using public of this part of the country," says Holmes Ives, president of the company.

There are still some securities of the company to be had, but they are selling rapidly. Soon a large force of men will begin breaking ground for the big plant in East Oakland.

"We hope to be into production before the year ends. The interest evinced in our exhibit at the show is truly remarkable, and we have had many inquiries there and through the advertising."

MADE SPECIAL AGENT
Stuart Morrow, manager of the Soldiers' and Sailors' Employment Bureau, 315 Oakland City Hall, has been appointed a special agent of the United States Department of Labor.

The Yerkes 40-inch telescope is the largest refracting instrument in the world.

PROSPERITY PROVED BY AUTO SHOW

Thus far the automobile show at the Civic Auditorium has demonstrated two things. First, that Oakland dealers have all the enterprise characteristic of this twentieth century business in other cities; and second, that the roof of the million dollar auditorium has all the characteristics of the roof of a dilapidated barn in a farmhouse. It leaves the results of the great show, from a community standpoint, should be, first, the realization that Oakland has a deficit in the suburban or small city standard; and second, that the city fathers will immediately fix the auditorium roof. It will not require the census returns to demonstrate the former proposition. The character of the attendance at the show indicates the quarter of the deficit and the population. It indicates that Oakland is happily prosperous and that the people are up on the bit. It is still true that San Francisco has more automobiles than Oakland, but the Oakland ratio, according to dealers, is catching up. This show is far away ahead of any other show, and the visitors are not sightseers. Dealers are astonished by the attitude of the majority of those calling to inspect the cars. Formerly the exhibitors calculated that the cars were there on display merely just to be seen, and when they showed them off they said good day and thank you to the inspector.

But this time the average person is looking around to see what make or model he will buy. It may not be that he intends to purchase on the spot, or that he intends to purchase next week. But he is a buyer, and the exhibitor recognizes the fact.

One of the outstanding results of the show is that the dealers, as one of them expressed it, "are all jazzed up," with a long list of prospective buyers to dream about nights and get busy on in the morning.

A happy feature of the business as the show is demonstrating it, is that the buyers of automobiles are not quibblers about prices. A buyer has his mind made up for a certain class car and he prepared to pay the price commanded by the class. One does not hear him complain about the amount, or argue with the salesman that the car should be sold for a lower figure. The fact is regarded as a sure indicator of the community's prosperity. It is only a car, and the dealer makes a man haggle over the price, and there is no such haggling.

Mizar in the Great Dipper radiates more than 100 times as much light as the sun.

In the Sacramento Valley a huge dam vainly decreed the extension of bull-fighting.

"MR. AND MRS."

By BRIGGS

The Oakland TRIBUNE invites you to meet Cartoonist Briggs' family creation, "Mr. and Mrs.," beginning with the Sunday comic section of January 25.

Laugh With Them

Briggs' "Mr. and Mrs." is the funniest comic ever drawn. It has been secured exclusively for this territory by the

Oakland Tribune

Person suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully relieved by the use of an internal medicine that many of our best educated complete relief after other treatments have failed. Sufferers who may go deaf or experience loss of hearing restored to such an extent that the tick of a watch was plainly heard from either ear. Therefore, if you know of someone who is troubled with deafness, cut out this formula and hand it to them and you may have been instrumental in saving them from the sufferings that result from total deafness. The prescription can be prepared at home, and is as follows:

Secure from your Druggist: 1/2 oz. Parmit (double strength). Take 1/2 oz. of Eucalypti, 1 pint of distilled hot water and a little granulated sugar, stir until dissolved. Take one ounce four times a day.

Parmit is not only a tonic, but not only to reduce by tonic action the inflammation and swelling in the Eustachian tube, but it also relieves the air pressure on the drum, but corrects any excess of secretions in the middle ear. The medicine gives are nearly always quick and effective.

If a person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should use this recipe, their advertisement.

Housewives of the Eastern cities by telegram today are appealing to Senators and Congressmen in Washington, D. C., for relief in the sugar situation. They are asking why there is no beet sugar on the market and will carry the suggestion that it is this lack of the beet product which is keeping up the price of cane sugar. The action was taken yesterday afternoon by the directors of Oakland, Berkeley, Alameda and Contra Costa houses against the University of California samples of sugar for chemical analysis. The action was taken in view of certain reports that the samples were being used in sugar. The question of government flour will also be taken up with Washington authorities. The potato boycott in Oakland, Berkeley and Contra Costa was authorized at the executive session. The matter will be brought before the next regular meetings of the housewives. The boycott of The boycott, if approved by the Oakland housewives, will probably go into effect on Monday next. The housewives are fighting against the high cost of living and potatoes are, perhaps a potato shortage, but denied the fact that it was such as to warrant present high prices. The housewives of Contra Costa are invited to the Council chambers in the City Hall on Monday at 2 p. m., when an open forum will be held. The housewives of Contra Costa are investigating committee chairman, who has been working for several weeks on a survey of the situation, will offer her first formal report. The housewives of Contra Costa speakers. Every woman who has something to offer to the symposium on the high cost of living will have a chance to express her views on the program. In the absence of C. C. Grasser, Mrs. H. J. Platts will preside as chairman. The program is designed to interest every housewife in the high cost of living and alleged unfair prices. The boycott of potatoes will be an issue. Alameda housewives assembled their first meeting last night in that city to frame a more drastic program against sixteen cents per quart milk, which is still being offered. The milk boycott is now in its twenty-second week. Mrs. L. L. Martin, president, presided.

SACRAMENTO, Jan. 22.—Governor William D. Stephens, in a letter to State Senator J. N. Inman, has declined to give his attendance to a committee appointed by the California Oriental Exclusion League and other organizations to report from him as to whether he intends to call a special session of the State Legislature to discuss the Japanese question.

"Exclusion agitation in California has become 'a candidate's agitation,'" the Governor said. The alien question has become a question, he added, "of essentially an international problem, one that California cannot successfully deal with."

In part the Governor's letter said:

It has been and is my purpose to deal with the Japanese question on a basis of international justice, as being about an adequate solution of this growing menace. It is essentially an international problem, and the Governor has not successfully dealt with alone. While we may enact laws that would probably bring some temporary relief, the Governor's action will not avail to establish the effective, permanent solution that is imperative.

EXCITED BY CANDIDATES.

In my opinion the present agitation in California was inspired by candidates for office. It is true that all our politicians have now allied themselves with it, with laudable purpose. The fact remains, however, that the dominant force in the Government is actuated by their desires for political preferment.

For five years one member of the state's congressional delegation at Washington has occupied a seat in the U. S. senate. With exceptional opportunity, because of his intimate knowledge of the administration, he has accomplished nothing in all that time toward helping Japan. Undesirables may be removed. Now that he is a candidate for reelection he raises an outcry about the Jap question, and his political enemies proclaim everywhere his probable failure to fail in his mention his previous legislative inactivities.

Manifestly, the grave concern he professes is awakened only when he found it necessary to ride back into office.

ANOTHER CANDIDATE.

Further proof of the present agitation has largely become a candidates' agitation is furnished by the fact that still another senatorial candidate has taken to the hue and cry and is widely accused by friends of the incumbent senator of trying to "steal the thunder" of their candidate. The possible candidate are also joining in this agitation in the hope of winning political favor.

The part that political aspirants are playing in this agitation, cause. We need, above all, to

have an intelligent campaign of education throughout the states so that the national government in dealing with the international phases may have the support of the people.

The imperative need is to enforce rigid exclusion of Japanese undesirables. To this end we should pass every law possible with adequate legislation by Congress.

Our own politicians are discredited by the force of the effective argument that will be used against it is that politicians are resorting to Japanese baiting merely for the purpose of personal aggrandizement.

This is the argument that has been made against us before and we may as well realize that if the political agitation continues, it will be "a perpetual attitude" of "a ball" not get far in our attempts to solve this very important question.

CO-OPERATION.

I had hoped that co-operation would keep free of this political phase, and make our presentation to the government at Washington and to the people of the United States a large and fair spirit so as to enlist their co-operation.

There can be no satisfactory solution of this question if the selves or future generations so long as the American-born children of alien undesirable races take the rigid line of exclusion.

If we are to do our duty to posterity as well as to ourselves, and there can be no question of this, we must co-operate actively and effectively if we are to get at the correct solution of this problem.

RIGHT SICK SOLUTION.

It is such a solution that I am seeking to attain and I know that the people of California want this problem solved.

As I have repeatedly stated heretofore, it is my desire to gather unquestionable and comprehensive information from all the various phases of this question so that our legislature may be effectively advised and so that an effective solution can be made to the national government and to the nation.

One argument I have frequently heard is that a special session of the legislature would serve as a demonstration to help make the people in other parts of our country realize the serious nature that confronts California and the entire Pacific Coast. Inasmuch as the present agitation is so acrimonious and the legislature a special session would largely be robbed of the impression it was sought to create.

ENEMY WELCOMED.

You make the suggestion, in the spirit of a threat, that if a special session is not called you will submit a proposition to the people. Frankly, and regardless of the threat, this suggestion appeals to me as worthy of earnest consideration.

Has a mother the right to decide how many children she will have?

lishes its reasons for so doing, it is time we looked into the matter judicially and impartially.

The remarkable story of what the women of Holland have done under the leadership of Dr. Aletta Jacobs is graphically told by Eleanor Kinsella McDonnell in the mid-winter issue of Pictorial Review. In this illuminating and inspiring account, there is valuable information for every woman in America.

In Holland today—Holland, mind you—slow-moving, conventional Holland—they have a smaller death rate and a higher healthy birth rate than in any country in the world. That fact is unescapable. And Dr. Jacobs states that this is due to a sane understanding and appreciation of birth-control. Whether this is so or not, is for the women of America to judge after reading this amazing article.

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proved to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Swamp-Root is sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a trial bottle. When writing be sure and mention the Oakland Tribune.—Advertisement.

SAN FRANCISCO, Jan. 22.—Search during more than four months, in which time one of the cases for which the officials desired his presence here has gone to trial and been settled, has led at last to the arrest in New Mexico of Warren Cooper, mining engineer, charged by a coroner's jury with being an accessory in the slaying of Edward

He is alleged to have accompanied Cooper to the night of September 19 when Kelly was shot down after it is alleged he attempted to flirt with Mrs. Woodcock, who is also facing a murder charge. The state attorneys, however, prosecutors say one of the weaknesses in their case was the fact that the revolver with which Kelly was shot was missing. The state attorneys said Woodcock handed Cooper the revolver after the shooting. An effort to re-open Woodcock's case may now be made.

SON ACCUSED OF SLAYING IS EXONERATED

BERKELEY, Jan. 22.—After passing four days in the Berkeley jail, Andrew Soo Hoo, student at the University of California, is free today of the charge of murdering his father, Nam Art Soo Hoo, following a trial in Judge Robert Edwards' court.

Andrew and Minnie Soo Hoo, brother and sister of the defendant, testified as to the angry tones used by their father and of hearing him strike their brother with his crutch. They also testified to the father's self-defense. Testimony as to the elder Soo Hoo's fiery temper was given by Rev. Lapsley A. McAfee, pastor of the First Presbyterian church, and Miss Donaldina Cameron, superintendent of the Chinese Mission in San Francisco.

Andrew, who is a student at the University of California at Berkeley, and Miss Cameron had attended pupils at that school with a streak and had other acquaintances with a violent disposition.

Dr. O. D. Hamilton, physician present at the autopsy, gave as cause of

death a blood clot on the brain which he declared might have been caused by a slight blow, owing to the high blood pressure of the deceased. Testimony by Policeman W. J. Wilson and Frank G. Swain completed the case.

Judge Edgar discharged the defendant after Assistant District Attorney O. D. Hamlin said the testimony of the two officers was

FORMER SHIP
WORKER HELD
TO BE GUILTY

On Corrigan, 242 Willow street, a former employee of the Alameda (t) of the Bethlehem Shipbuilding corporation, was found guilty of bat- in police court this morning by Judge W. J. Baccus. Corrigan, 1537 12th street, was acquitted of a charge. The complainant, E. R. a, a foreman now employed at same plant, was struck by Corrigan on an Eighth street car, and rendered partly unconscious by the blow following an al- ation in which Silva's right to in a non-union plant was called in question by McGuinness and

was the substance of the tes- ony adduced at the trial. Both s declared that McGuinness had e no attack on Silva, and the against him was dismissed. rison Robinson assisted Deputy rict Attorney Fred Donahue in rosecution, while Edward J. appeared for the defense.

CONSIDERED TEST CASE.
The case has aroused much inter- among shipyard employees and er employees, by whom it was dered in the light of a test case. courtroom lobby was crowded e representatives of both classes. A. W. Williams, Corrigan and e Jenkins testified for Silva. e Saldes was also subpoenaed witness, but, according to report e to the court, became fright- while waiting in the corridor e called and left the city hall.

the most extensive testimony was n by McGuinness, who said that and Corrigan are both now em- ed by W. J. Baccus, city com- sioner, in his private business, struction work. McGuinness de- ed he upbraided Silva for "scab- " at the shipyard, and that Silva

back in the shipyards and I care who knows it. I've got a support."
You know you've got no business back there," McGuinness said he to Silva. "Some former yard worker is liable to come and knock your block off."

STRUCK IN CAR.
ore or less of a scuffle occurred, McGuinness said, and finally Silva ed back through the car in the tion where Corrigan was. At door, according to McGuinness, e Jenkins, he encountered Corrigan. The latter swung his fist heav- upon Silva's jaw and Silva fell

not other men in the car, by am, he was supported.
Silva declared he was half un- cious from the blow. Corrigan forward in the car and alighted at next corner, although he had yet reached his own street, ac- cing to witnesses. Two or three he witnesses added that he ran e back, Corrigan admit- striking the blow, but declared e left the car at his usual and that he did not run. After a had been treated at the emer- gency hospital he enlisted the aid of Coleman and had them both ar-

PICKUP SACRIFICES PLANE WING TO SPARE
PEDESTRIANS AT DARING STREET LANDING

ILLUSTRATED INCIDENTS OF EVENT THAT MADE AIRPLANE HISTORY IN OAKLAND, WHEN LIEUT. C. V. PICKUP landed in Clay street. The lower picture shows him coming down, the crowd starting to run toward him. This resulted in slight damage to the machine as the aviator averted causing injury to the spectators. Above are shown Mrs. Pickup, Lieutenant Pickup and Cliff Durant, just after the flight ended.

Aviator's Shopping Plans Upset by Rain That Causes
Carriage Wheels to Skid.

It was the first rain of the new year that upset Lieutenant C. V. Pickup's plans for the world's first aerial shopping expedition and made necessary the return of the famous aviator to Durant field in an automobile.
The thousands who saw Pickup swoop down from the sky to the narrow ribbon that was Clay street, saw him glide under the trolley wires at Sixteenth street, and meet the street a little later, were at a loss to account for the sudden swerve of the machine to the curb, where one of the wings was smashed on an elec- trolier.
Lieutenant Pickup today explained that in the crowds who rushed for-

ward to meet him there were some who advanced so far that they were in danger of being struck by the airplane. To avoid one of these men Pickup turned sharply to the right, only to have his carriage wheels skid on the slippery pavement. The tip of a wing hit an electric pole and crumpled.
A truck full of mechanics from Durant field arrived to take the machine back. The first to greet Pickup after his exploit was his wife, and the second was Cliff Durant, who congratulated him upon the accomplish- ment of the difficult feat of landing in the street. The little plane will be in commission again in a few days.

Action by the city officials to prevent airplanes from landing on the streets was suggested to the City Council this morning by Commissioner W. J. Baccus. Baccus cited the case of Pickup, who landed his plane in Clay street yesterday.
According to Baccus the feat might have endangered the lives of many persons and he suggested that the city attorney be asked to investi- gate and bring in some measure to prevent airplanes landing in the streets. Baccus also had in view for the proposed ordinance a provision requiring the bright lights which aircraft should not descend in flying over the city.

The largest butterfly known is found in British New Guinea and nowhere else.

RAIN HELPS
STATE; MUCH
MORE NEEDED

Rainfall precipitation brought to the northern section of the State by the present belated storm, is only a drop in the bucket, according to United States Weather Observer G. H. Willson, in comparison to the in- creasing need for rain felt by stock- men and agriculturists.

The rainfall to date is only one- third, approximately, of the regular annual precipitation. Willson said in view of the fact that the past two or three years have been abnormally dry, it would require more than the usual normal rainfall this year to confer the greatest benefit on the state. Aside from the hardship in- flicted upon cattle raisers and ranch- ers, Willson pointed out that the ex- isting deficit in rainfall not only is proving to be an increasing problem for power companies, but also has a large effect on the subterranean water supplies of the state which usually are depended upon by per- sons who irrigate their land from their own natural water supply.

Conditions in this district, accord- ing to today's forecast, are unset- tled and it is probable that showers will fall throughout the state today and tonight. The present disturb- ance is stationary, making impos- sible any definite forecast as to how long it will remain over this section of the state, although Willson, ex- pressed the belief and hope that it may remain several days.

Precipitation so far has been only in the northern section of the state, extending from the Tehachapi north- ward. Bakersfield and other points south reported only a trace of rain while communities further north re- ported registrations ranging from .12 at Orland to .63 in Oakland and .30 and .22 respectively at Oroville and San Francisco. Sacramento had .14 inches, while San Jose received only .02.

Despite its comparative lightness, the present rain, according to Will- son, has done good, particularly in freshening up stock ranges, starting dormant seed planting and giving cereals and grasses already started a new lease of life.

LOS ANGELES, Jan. 22.—Rain began falling here shortly after 8 o'clock this morning. Nearby points also reported gentle showers early today.

FRESNO, Jan. 22.—Light showers, which began falling here before day- light this morning, increased to a heavy rain at 11 o'clock. Reports from the farming districts said the rain would be of great benefit to stock raisers, vineyardists and or- chardists.

Japanese Potato
King Summoned
On Price Fixing

LOS ANGELES, Jan. 22.—George Shima, Japanese, known as the California potato king, is scheduled to be called as a witness before the federal fair price committee here. The committee is in- vestigating potato prices.
Charges have been made that Japanese control 90 per cent of the California potato crop.

REALTY MEN TO
HOLD CONVENTION

One hundred Eastbay realty men will cross the bay to attend the Fifteenth annual convention of the California Real Estate Association to be held tomorrow and Saturday in the Palace Hotel. Percy J. Walker, Oakland realty dealer, is to be a speaker at the convention. He will discuss the question, "Will Building Costs Reduce in Three Years?"

Other speakers for tomorrow's sessions are: W. J. Hollingsworth, western representative of National Association of Real Estate Boards; Ray L. Brown, real estate commis- sioner; Paul Ellet, director San Francisco bureau of Governmental Research; and C. E. Miller, who will talk on "California: A Play- ground for America."

The speakers for Saturday are: Paul L. Welles, George S. Calder, Paul C. Murphy, B. L. Lambuth, W. W. Mines, Dan W. Carmichael, mayor of Sacramento, and Leslie E. Henry.

Food souring, gas, acidity! Won- der what upset your stomach? Well, don't bother! The moment you eat a tablet or two of Pape's Diapepsin all the lumps of indigestion pain, the sourness, heartburn and belching of gas due to acidity, vanish—truly wonderful!

Millions of people know that it is needless to be bothered with indiges- tion, dyspepsia or a disordered stom- ach. A few tablets of Pape's Dia- pepsin neutralize acidity and give re- lief at once—no waiting! Buy a box of Pape's Diapepsin now! Don't stay miserable! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is so little. The benefits so great. You, too, will be a Diapepsin enthusiast afterwards.—Advertise- ment.

DYNAMITE IS
EXPLODED AT
S. P. STATION

RICHMOND, Jan. 22.—An at- tempt to blow up the Southern Pa- cific station at Stege is seen by the police in the explosion last night of one of the buildings that form part of the station.
The Richmond police and rail- road officers are at a loss to ac- count for the motive that might have inspired such an action. They say the explosion may either have been accidental as the result of ex- plosives hidden there or that there is a possibility it may have some connection with the train robbery of last Saturday night.

The small building, which is new, the station, was completely shat- tered, showing that the charge was a heavy one. The nature of the explosion indicates that dynamite was used. It occurred about 7 o'clock, about an hour after the station had closed.

PERSHING GREETERS NAMED.
ALAMEDA, Jan. 22.—Homer J. Spence and Halvor Hanch, repre- senting Alameda Post of the Amer- ican Legion, have been named on the Pershing committee of welcome to greet the general at the Greek theater in Berkeley, Sunday.

The speakers for Saturday are: Paul L. Welles, George S. Calder, Paul C. Murphy, B. L. Lambuth, W. W. Mines, Dan W. Carmichael, mayor of Sacramento, and Leslie E. Henry.

INDIGESTION
"Pape's Diapepsin" instantly relieves Dyspepsia, or a Sour, Acid, Gassy Stomach—quick! Sure!

Are You Fat?
Just Try This

Thousands of overfat people have come slim by following the advice doctors recommend—Marmola Prescription Tablets. These harmless "fat reducers" that simplify the diet of the famous Marmola Pres- cription.
Too fat, don't wait for the doctor's advice. Go now to your druggist or write to the Marmola Co., Woodward Ave., Detroit, Mich., for \$1.00 to procure a large case of Marmola Prescription Tablets.
They reduce two, three or four inches a week without exercise, diet or any unpleasant effect. If too fat, try this today. Verisimilitude.

TODAY TO SATURDAY—NOW PLAYING—TODAY TO SATURDAY

Samuel Goldwyn and Rex Beach
Present
Rupert Hughes'
Famous Story
"The Cup of Fury"

Which was the real woman?
In this beautiful body there were two girls—no, three, four or more.
The discontented village girl, the runaway, the vaudeville actress, the adopted daughter of wealth, the society butterfly, the stenographer, the ship-builder—which was the real girl?
She didn't know herself—the man who loved her didn't know.
Once more Rupert Hughes has struck the bell. Once more he has written and Goldwyn has produced a great American picture.
A picture that will be seen with wonder and excitement from the Atlantic to the Pacific. It is the biggest picture of them all—the most powerful—the most intensely American in spirit.

Other New Goldwyn Releases:
Will Rogers in "Jubilo"
Tom Moore in "Lord and Lady Algy"
Madge Kennedy in "Strictly Confidential"
Pauline Frederick in "Ronde of Love"
Rex Beach's "The Silver Horde"
Gertrude Farrar in "Flame of the Desert"
